

## Public Education Forum on Local ICE Presence

Community Zoom Webinar - Tuesday, January 20, 6pm

*Please join us for a free community Zoom Webinar on Tuesday, January 20 at 6pm to hear directly from community leaders and law enforcement, as they answer questions about local ICE enforcement and the possibility of an ICE detention facility in Woodbury.*

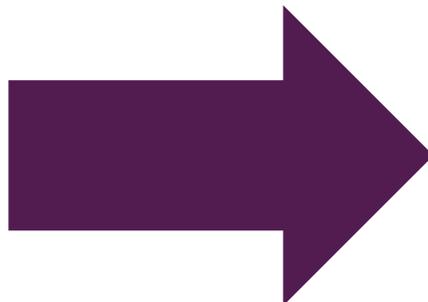

**Overview:** This webinar is designed as a public education forum, hosted by the League of Women Voters Woodbury-Cottage Grove Area. Our purpose is to share verified information, clarify what is currently known and unknown and to hear directly from local leaders. This is an informational forum, not a decision-making meeting. All panelists will speak within their respective roles and areas of responsibility. LWV WCGA will craft and pose questions currently circulating within the community. Webinar guests will also have an opportunity to put additional questions in the chat that can help inform the FAQ page being updated by the City of Woodbury.
